

PUBLIC ART VERMILION

A MAIN STREET VERMILION PROGRAM

Enjoy unique opportunities to create art throughout Downtown Vermilion during Third Thursdays this summer at Public Art Vermilion's Art Stops! Everyone is welcome to participate. Look for the Art Stop signs mixed in among the musical performers.

Flower Mosaic

May, July & September

538 Main St, diagonal from Chez Francois

It will take 401 colorful little canvases and all summer to create this impactful work of art. When it comes together, prepare to be wowed.

The BUOYTREE

July, August & September (or until sold out),

Main Street Vermilion, 685 Main St.

By popular demand, The Buoy Tree will return for one more holiday season! Join us again or join us for the first time in helping this fantastic community project come together.

Buoys will go on sale during Third Thursdays. Complete details for painting and purchase are available at Main Street Vermilion or online at mainstreetvermilion.org/pav

This project is a fundraiser to support Public Art Vermilion's future projects.

3 Season Tree

May, July & September @ Ritter Library, Liberty Avenue

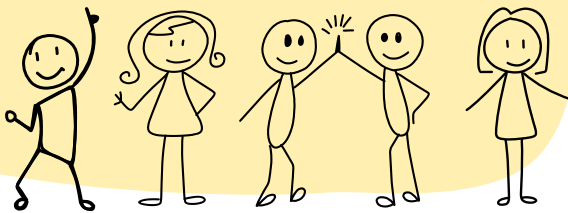

Ritter Public Library is co-hosting this art project that changes with the seasons.

It's a simple, beautiful project fun for all ages.

STICK FIGURES

May & June @ 628 Main Street, Harbourtown Family Dentistry

Pick up a set of paint sticks and get to work depicting you. Be sure to take some home to the family or a fun night of art and return later. We'll let you know where this fun and colorful project will be exhibited later this summer.

PAV CHALKBOARD

Every month on Main Street

The PAV Chalkboard returns for Third Thursday. Stop by and discover the theme in store for your creative soul. There's a new theme every month.

ART ABANDONMENT

May, July & August, Exchange Park

Join in this worldwide movement to create and share random acts of art. It's about creating small pieces of art like a painting, sculpture, a poem or short story (think creatively!) then "abandoning" in unusual places for the finder to keep and share through social media.

ART CUBES

June & August, Fulper Lot

In the spirit of "Cubism," a style of three-dimensional work of art through geometrical shapes, you're invited to add your creative spirit to this colorful and ever-evolving display.

Note: Locations and projects subject to change at a moment's notice. All activities, with the exception of the Buoy Tree, are free but we can accept donations to support future PAV projects.
